

Okay wolf,
You don't seem
like you are
going to hurt
me yet...
I'm just
gonna go
now...

My name
is Mink
actually!

OH MY
STARS
you can
TALK?!

You have
a very special
necklace!

I mean its
 sort of special.
 My family has
 this tradition
 where they hand
 this necklace down
 to a younger
 member at the
 end of each
 year. I was
 chosen to wear
 it this time.

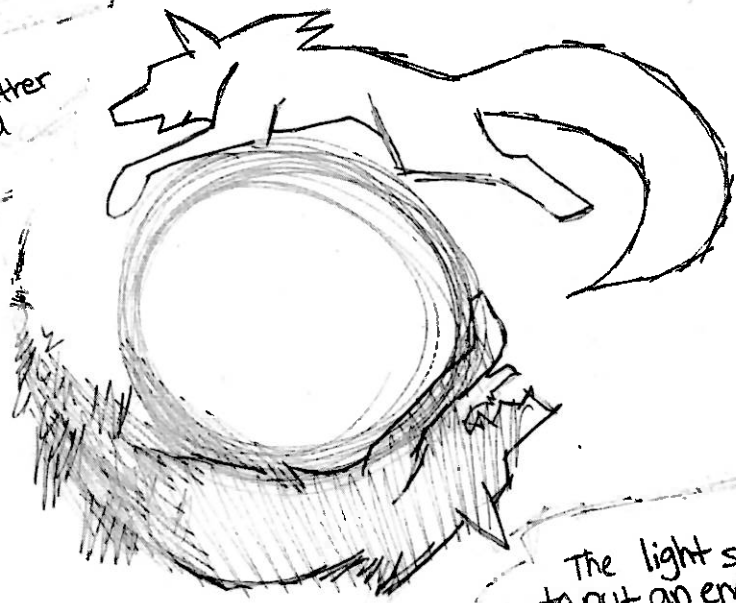

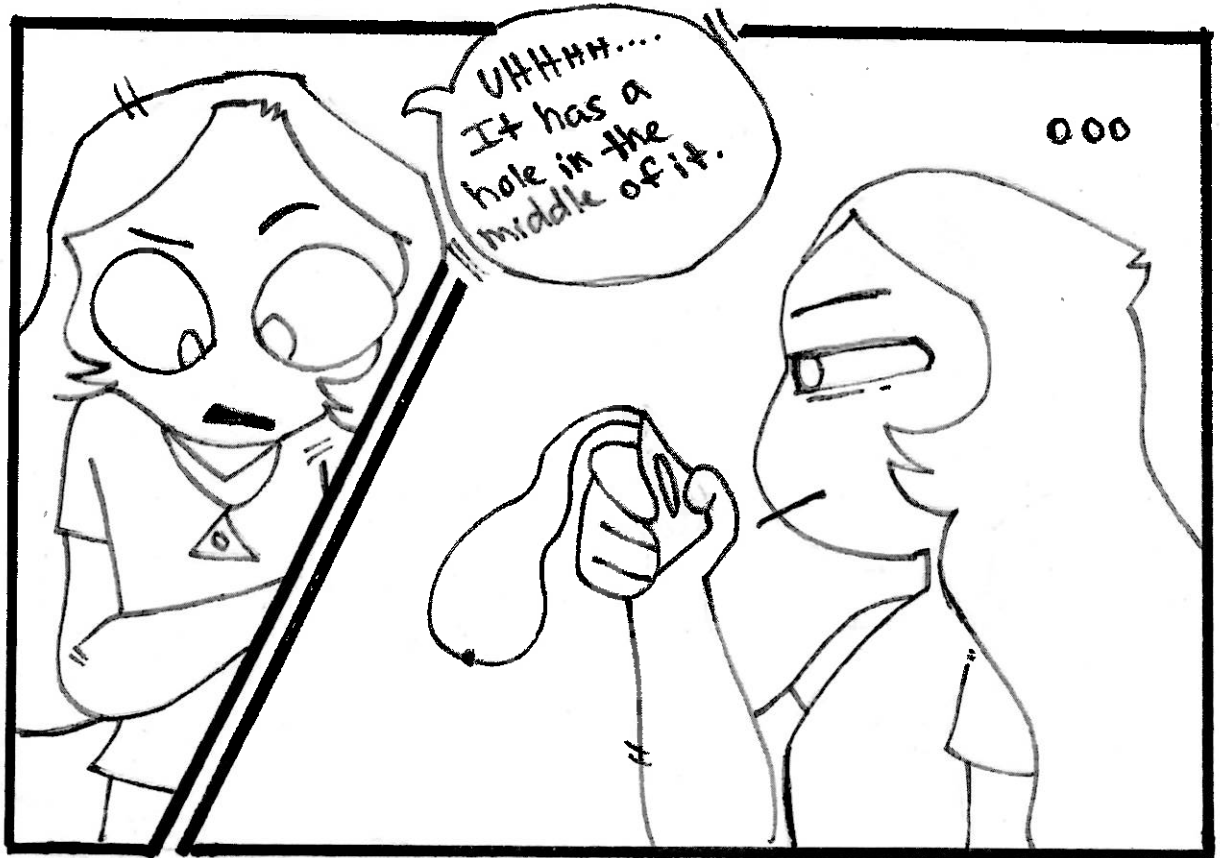

OH yeah,
I forgot that
you have no idea
what I'm talking
about. Let me
explain.

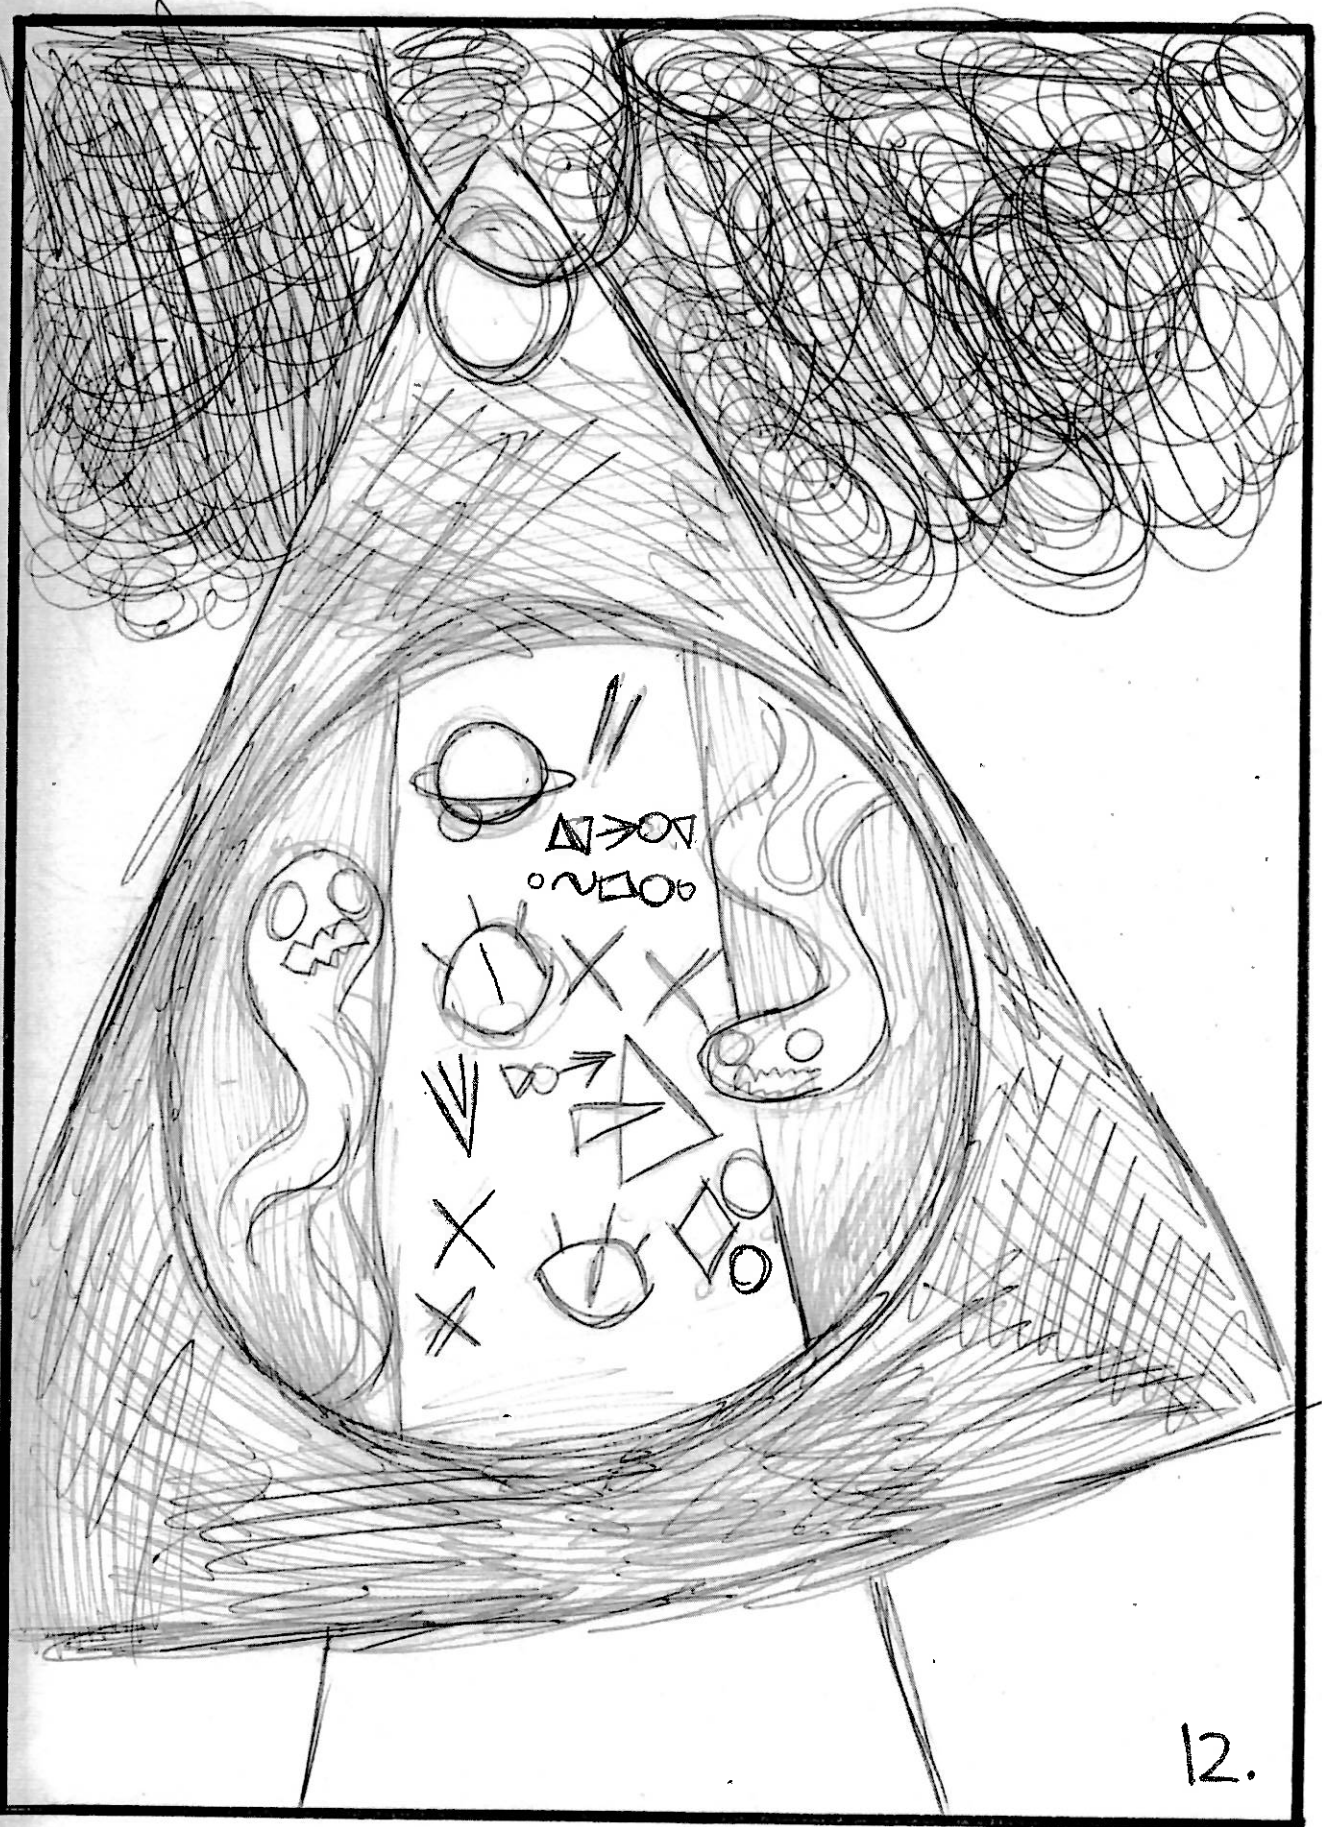

All around the
forests there are
spirits of light
and shadows. Together
they keep the world
in balance. I am a
light spirit!

The light spirits decided
to put an end to the destr
that the shadow spirits
causing. They created a
force of light that
bannished the darkness
from destroying everythin.
The shadow spirits
have not been seen ever
since the force of
light was casted.

But one day the shadow spirits started
spreading decay and darkness throughout
forests and villiages. Both shadow
and light spirits were loyal to keeping
the world in balance... It was almost
like the shadow spirits were being controlled.

12.
